

Table with 16 columns and 25 rows. Columns include horse names (e.g., ナダツ, コンバットジゴロ), jockeys (e.g., 村上弘, 塚本涼), and race data (e.g., 1.0.0.2, 85.3, 97.3). The table is organized into groups of horses, with each group having a header row for the horse name, jockey, and race data, followed by rows for performance statistics and race results.
